

## MEDIA RELEASE

### The City Celebrates America Recycles Day

SANTA BARBARA, CA – 11/14/12

In celebration of America Recycles Day on **November 15**, the City of Santa Barbara would like to remind city residents of the local recycling resources that make everyday a great day to recycle!

- Hazardous waste can be recycled at the **Community Hazardous Waste Collection Center at UCSB**
- Antifreeze, batteries, motor oil, latex paint and electronics can be recycled free of charge at the **ABOP, 132 Nopalitos St.**
- Small appliances and electronics will be accepted at the **South Coast Transfer Station, 4430 Calle Real**

Don't forget that your curbside collection service includes a blue bin where you can put most of your recyclables. If you need more information about where to take your recyclable material or what can be placed in your blue bin, please call Environmental Services at: **564-5631** or visit **SBRecycles.org**.
